Dear Senator Harry Reid:

Thank you for the reform of the filibuster obstructionism.

We write not only as the Village Independent Democrats, a proud club with a 55 year history of progressive reform, but also on behalf of Americans everywhere who have been longing to see the President and the Senate get things done. We need good presidential appointees in place, and we hope that this will finally occur. We will make sure the Democrats continue to have a majority next year.

Thank you again.
